

Our vision with Pure 2Improve is simple, we help athletes at any level to improve their performance. Whether you enjoy football, ice skating, hockey or swimming, being in top physical shape will improve your athletic performance and protect yourself from injuries. Each sport comes with its own physical demands on your body. You may need training for balance, flexibility or agility to help you perform at the top of your game. Pure 2Improve helps with that.

Pure 2Improve focuses on getting athletes ready for the demands of their sport. Athletes have goals of improving strength, power, speed, agility, mobility, stability, and more to improve abilities in their respective sport of choice. Pure 2Improve develops products that help the athletes at any level to become better in their sports. All the Pure 2Improve products will help you bring your skills to the next level. With products that fit into every part of the training cycle:

PREPERATION

TRAINING

RECOVERY

A very important benefit of Pure 2Improve is that all products are designed to create an explosive, injury resistant athlete.

Pure 2Improve can extend the cycle by delivering functional, easy to use and durable products.

ABOUT QPA

QUALITY PERFORMANCE ACADEMY

QPA is a company that provides physical therapy and sports performance training to professional athletes and teams. With over ten years of experience we've created a clear vision and methodology that has proven itself not only at the professional level but also with amateur and youth athletes. We are always working from the company's core values:

TRAINING
RECOVERY
NUTRITION
MINDSET

To stay ahead in the game of advancing human performance we do research in collaboration with our specialists. This has led to programmes and products that are proven and seamlessly integrated into QPA's sports and therapy services. As an example we designed a performance software system that will support the athlete in their training cycle.

F.I.T. POWERBOX BY QPA

The F.I.T. POWERBOX makes professional strength and power training possible for athletes of all ages and level. The performance equipment is easy to transport to where the training takes place with the strong box and its track tyes. The sport-specific character and the evidence-based training system, makes training with the POWERBOX inspiring and motivating for both athletes and trainers.

The F.I.T. POWERBOX is equipped with a clear system so you can organise and start a training in only 4 steps. With the exercises and interval varieties which are displayed on the POWERBOX you can set up over 7000 different types of training. The POWERBOX also has a handy instructional display for the athlete to see how the exercises need to be completed.

The box contains 4 Pieces of each performance product so that 4 up to 20 athletes can train at the same time.

We support the owners and the athletes of the POWERBOX even more by providing them with our F.I.T. support APP (basic). With this app the trainers have a good overview of their team and the athletes get a performance knowledge platform at their disposal to get the highest performance value 24/7.

CONTENT POWERBOX:

- 4x Sprintsac
- 4x Sandbag
- 4x Resistant cord
- 4x Weighted vest
- 4x Medicine ball
